This support group for women who are dealing with any type of gynecological cancer provides an opportunity to share information and give and receive emotional support. It is a welcoming place both for those who are currently undergoing treatment and for survivors.

An orientation attendance and a brief preparation interview are required before attending.

This group is facilitated by Kayo Matsumoto, LMFT, a long-time CSC group facilitator and current Program & Clinical Director. As with all services provided by CSCVSB, it is offered free of charge
