

Online Workshop
**Latest Advancements in
Gynecologic Cancers**

Dana M. Chase, MD, FACOG

Date: Tuesday January 30, 2024

Time: 12:00pm to 1:00pm

Place: Online (Zoom)

Cost: Free to CSCVSB Participants

Over the last several years, we have had multiple advancements in the treatment of gynecologic cancers. These include treatments that are targeted and/or directed at specific characteristics of gynecologic cancer. With these new treatments, we have seen improvements in outcomes including survival while minimizing side effects or changes in a patient's quality of life. A Q&A will follow the workshop, please bring your questions.

Dr. Chase is an associate professor of UCLA Obstetrics and Gynecology in the Division of Gynecologic Oncology. She completed her medical degree, residency in obstetrics and gynecology and gynecologic oncology fellowship at the University of California, Irvine. Her clinical and research interests include clinical trials, chemotherapy, quality of life, the microbiome, health disparities, and geriatric oncology. Dr. Chase is a board-certified gynecologic cancer physician and surgeon.
