NO COST TO PEOPLE IMPACTED BY CANCER

Weekly All-Cancer Support Groups are intended for people just diagnosed with cancer, are in treatment or recently finished treatment, and are living with cancer. Groups provide a safe environment where participants can express their feelings, fears, and concerns. Sharing experiences with others who are going through similar challenges can provide a sense of comfort and validation. An orientation attendance and brief preparation interview are required before attending one of these groups. Each of these groups is facilitated by a long-time CSCVSB group facilitator (all licensed mental health professionals).
