NO COST TO PEOPLE IMPACTED BY CANCER

Many feelings can be part of supporting a loved one through cancer treatment – fear, hope, helplessness, and often a sense of aloneness. These weekly support groups, for adult family members of a loved one with cancer, provides a safe place to share these feelings as well as practical information with others in a similar situation. An orientation attendance and brief preparation interview are required before attending.

These groups are facilitated by a long-time CSCVSB group facilitator, Anne Gessert, MS, LMFT and Hannah Hoffman, LCSW with over 10 years experience in the mental health field.
