NO COST TO PEOPLE IMPACTED BY CANCER

Are you impacted by cancer? Do you have creative hands? Or do you just want to enjoy chatting while working on a personal project? Studies shows that, beyond medical adherence, social support has been associated with improved physical and emotional health and well-being among cancer survivors. Please come and join our Knotty Knitters & More group to learn how to knit, work on any art project, and make new friends! All skill levels are welcome. Knitting needles and yarn will be provided.
