This weekly All-Cancer Support Group is intended for all people impacted by cancer - just diagnosed with cancer, are in treatment or recently finished treatment, and are living with cancer. The group provides a safe environment where participants can express their feelings, fears, concerns, and access helpful resources. Sharing experiences with others who are going through similar challenges can provide a sense of comfort and validation. ***Pre-registration is necessary, so please contact programs@cancersupportvvsb.org.***

This group is facilitated by Brenda Birdwell, MSW, ASW. Brenda also has extended support group facilitation experience for caregivers of people with Alzheimer's disease, seniors on healthy living, and LGBTQ+ caregivers.
